

Corrigendum-I

In reference to e-tender no. Hartron/Proc/2016-17/46 floated for supply & installation of 1018 nos. Multifunction Printer, Display Monitors with Computing Unit and extra Monitors, 41 nos. information kiosk on behalf of Punjab and Haryana High Court, Chandigarh. After pre-bid meeting the following amendments has been incorporated in the RFP.

S#	Clause as per RFP	Revised Clause after pre-bid
1.	Clause No. 12 prescribing Minimum Eligibility Criteria, pg. no. 10 and pg. no. 47. ISO 9001:2008 Certificate issued in the name of OEM for Manufacturing Process and ISO 14001 Certificate issued in the name of OEM for handling of hazardous items in the manufacturing process.	The said clause may be read as "only ISO 9001:2008 Certificate issued in the name of OEM for Manufacturing Process". The ISO 14001 Certificate is removed from the RFP.
2.	Sr. no. 36 of the minimum Technical specification at pg. no. 14. Standard Interface(s): "USB 2.0 High-Speed, 10/100/1000 Base-T Ethernet(Network), Phone Line Port"	The Said Clause may be read as " Standard Interface(s): USB 2.0 High-Speed, 10/100 Base-T Ethernet(Network), Phone Line Port"
3.	Sr. no. 3 of the minimum Technical specification at pg. no. 14. • Touch Screen: APR/ SAW Type with 3mm or higher anti glare and overlay tampered vandal resistant glass	The said clause may be read as Touch Screen: APR/ SAW Type with 3mm or higher anti glare and overlay tampered vandal resistant glass, however, any change in the said technology are subject to change on clarification from Hon'ble e-Committee of Supreme court of India.
4.	Sr. no. 4 of the minimum Technical specification at pg. no. 15. • Environment : Dust and Water Proof "Nema 4X and IP 65" • Memory (RAM): 4 GB, DDR-3 expandable to 8 GB.	It be clarified that Nema 4X and IP 65 specifications shall be applicable to monitor and not for entire machine. Keeping in view the advancement of technology in upcoming years, minimum RAM of the Kiosk machine be read as "DDR-4 expandable upto 8GB" instead of "DDR-3" and Processor be read as minimum level Core i3 (6th Generation) equivalent with 2.6 Ghz or higher.
4.	Display Monitor with Computer Client/Thin Client (1018 nos.)	For the time being this is dropped from present tender and re-tender after clarification / advice from Hon'ble e-Committee and will be released later.
5	Extra Display Monitors (1018 nos.)	In case of extra display monitor, all the cables / accessories required for making splitter as well as monitor workable shall be the responsibility of vendor. All the projects shall be on turnkey basis i.e. to make them fully functional (ready to use).
6.	Sr. no. 41 of the minimum Technical specification at pg. no. 13 i.e. "Monthly Duty Cycle: 15000 pages" (Multifunction printer 25 PPM)	The duty cycle for MFD printer with 25 PPM is 10000 pages Per Month.
7.	Sr. no. 39 & 41 of the minimum Technical specification at pg. no. 14 (Multifunction printer 28 ppm)	The bidder are free to quote the Multifunction printer 28 PPM or higher.

- The Last date for submission of bid is extended upto 20.12.2016 by 2:30 PM.
- The other terms & conditions remain same.
