

CORRIGENDUM-I

Sr. No.	DOCUMENT/ CLAUSE NO. /Page No.	QUERIES OF PROSPECTIVE BIDDERS	SUGGESTION/CLARIFICATION BY PROSPECTIVE BIDDERS	ADDENDUM
1.	Page # 4	Possession of DSC and registration of the contractors on the portal i.e. http://haryanaeprocurement.gov.in is a prerequisite for e-tendering.	Please clarify in brief the E Registration Process. Also, we would request you to provide specific contact for completing the registration process without delay.	Although it is a conventional e-tendering process as is ordinarily conducted; however it is suggested to consult with the designated ULB for uploading the bids. To clarify the bid submission process, the DULB will arrange a demo session at the office in Panchkula. Date to be informed.
2.	1.1.2 Page # 9	Designing and setting up Processing Facilities at Ambala Project Site & Karnal Project Site (hereinafter collectively referred to as "Project Sites") for processing of waste along with biological treatment of organic waste and Sanitary Landfill of Designed Capacity and set up a leachate treatment facility at each site.	As per the respective clause, there is a need to establish processing sites in two locations i.e Ambala and at Karnal. If the RDF processing to be establish at Karnal, it will increase the establishment cost and also the transportation cost of RDF. So in view of above, is there any provision to establish the RDF and Waste to Energy at one location itself.	As per RFP
3.	2.3.1 Page # 14	The Department would endeavour to adhere to the following schedule: Submit Bid- Hash online : 30-10-2017 20:00 Hrs Submit bids online : 03-11-2017 20:00 Hrs	Please clarify the exact date of online submission. Also we request you clarify the difference between the Submit Bid Hash and Submit Bid. It would be suggest conducting e tendering online workshop to the entire prospect bidder on a specific date and time before the submission date.	It is already clarified that DULB would arrange a demo session to all bidders at DULB Panchkula.
4.	2.18.4 Page # 25	SPV incorporated by the Selected Bidder shall be used for implementing the Project only and on completion of the Project shall be wound up.	We request the authority to give the provision of continuing the SPV floated after project completion, this will help us to retain the employee and continue for further business.	Bid conditions to prevail
5.	3.3.3 Page # 27	The SPV shall be entitled to receive the generic tariff of INR 7.05/kWh approved by the Haryana Electricity Regulatory Commission ("HERC") for the power generated by the Power Plant set up by the SPV in terms of the Concession Agreement.	Please specific is there any provision of Power Tariff Escalation or it is fixed for entire concession period.	Generic tariff will be paid as per the draft PPA provided with bid documents. However, 4% year on year escalation will be applicable on the previous year's OBI (i.e differential amount above notified tariff of PPA) paid by designated ULB.
6.	DCA 7.1 (i) Page # 38	to make available treated wastewater of up to 2 MLD from the Sewage Treatment Plant not beyond 10 kms from the project site; and	Please specific the availability of water (ground water) at specified processing facilitate sites.	Designated/participating ULB will provide treated sewage water within 10 Km. of the project site. However, selected bidder has to arrange for transportation of treated sewage water. There is no provision of using groundwater.

7.	RFP, Page 7	PPA- Shall mean the power purchase agreement to be entered into between the SPV and the Distribution Licensee for purchasing the electricity generated at the Power Plant.	Please confirm that the PPA provided for Gurgaon tender is applicable in this tender as well or provide the latest PPA version applicable for this tender.	The approved Model PPA as provided by HPPC for Gurgaon tender is applicable for all the Waste to Energy Projects to be setup in Haryana.
8.	DCA, Page 23, Clause 2.6.3	Procure execution of PPA between the Concessionaire and DISCOM	The condition precedent should include the HERC approval to be obtained for execution of the PPA	The tariff has been determined by the HERC for WTE projects in Haryana, and shall be applicable to this Project as well. Draft PPA has been provided with the bid documents.
9.	DCA, Page 24, Clause 2.6.5	Instead of terminating this Agreement as provided in this Article 2.2 , the Parties may by mutual agreement extend the time for fulfilling the Conditions Precedent. In the event of such extension in time for fulfilling Conditions Precedent, the Concession Period shall also be extended proportionately.	Please check the reference, it shall be Article 2.6	This is a typo error and stands corrected.
10.	--	RFP, JBA and Concession Agreement	Wherever reference is given to only Companies Act, 1956, the same shall be considered as both 1956 / 2013, whichever relevant.	All reference to companies act shall (unless repugnant to extant context or meaning thereof) mean and refer to Companies Act 2013
11.	Clause 1.1.84	“Processing Plants/ Processing Facilities” means the facilities created by the Concessionaire at Ambala and Karnal having capacity of 400 TPD and 300 TPD respectively, for processing of the MSW including treatment of organic fraction by biological processing (composting, bio-methanation) with leachate treatment plant prior to its final disposal of processing rejects and inert at Engineered Sanitary Landfill Sites. Apart from the processing facilities at Ambala and Karnal, a Waste-to-Energy Plant of at least 6 MW capacity shall be set up at Ambala for generation of power.	We shall segregate the Solid waste after collection and dispose off the inerts to landfills or recycled. Transport the segregated incinerable waste to the Waste to energy Plant. After incineration, the fly ash and the bottom ash generated shall be disposed off to land fill or may be used for production of bricks, paver blocks etc.	Selected bidder can use bottom ash as per the norms of state pollution control board in making any by product.
12.	Extension		Time provided is too less for submission of proposal of this scale. We are in talks with various foreign technology suppliers and more time will be required to finalize the terms of JV and arrangements of documents thereafter. It is requested to extend the Bid Submission Date by 60 days from the date of pre bid clarifications.	Submission date has been extended to 21.11.2017.
13.		Regarding the Tipping / Processing Fees We Shall establish the Pre Processing Facility in about Six Months and the WTE - Waste To Energy Plant in about 18 Months Time. The Tipping Fee of INR 1000 needs to be paid till the WTE’s COD not on the COD of Pre Processing Facility. Kindly clarify this please		INR 1000 as tipping fee shall be paid upto commissioning of WTE plant or 24 months from date of execution of concession agreement; whichever is earlier. Thereafter INR 333 per ton shall be paid as per the terms of the RFP.

14.		As we are going to Process about 700 TPD and the WTE Plant requirement as per the RFP Document is only 6- SIX MW and Generic Tariff of INR 7.05 / KWh is approved by the Haryana Electricity Regulatory Commission (“HERC”) and if we Generate more Power from our Technology’s Solid Waste Process, whether the Haryana State will buy the Power from the Developer and at what Tariff. Whether DISCOM –OBI Tariff is applicable to such extra Generation of Power by the Developer		Tariff determined by the HERC will be applicable on the net exportable power to DISCOM.
15.		As ours is a ZERO RESIDUE Process we may not require additional land for Land filling, instead we may need Land for setting up additional Power Generation Plant and Machinery. Whether Haryana State will provide the Land required for the same. Kindly Clarify		SLF is necessary for processing rejects/inert to be disposed according to SWM rules 2016. Selected bidder has to establish processing facility/power plant in the given piece of land.
16.		No Objection Certificate to be issued by the Haryana State Government for the Developer to Receive any other Grant / Subsidy / Incentive if introduced by the State or Central Government and or any International Organizations from Time to Time now and in the Future too		Any financial benefit that becomes available to developer under the extant applicable laws during the Concession period, may be availed by the developer, only upon prior written approval of Designated ULB/Department.
17.		The Land required for the Treatment, Pre Processing of Municipal Solid Waste / Garbage and for setting up of Post processing Power Plant has to be handed over by the respective ULB’s to the Developer without any delay from the date of LoA – Letter of Award and all the Supporting Documents for the Import Duty Exemption for the Solid Waste Machinery has to be supported by the Appropriate Authorities in Haryana State Government		Designated/Participating ULBs will provide all support on reasonable effort basis, in setting up the plant and availing exemption in import duty as per existing provision of applicable laws.
18.		The selected bidder requires to; · Designing and setting up Processing Facilities at Ambala Project Site & Karnal Project Site (hereinafter collectively referred to as “Project Sites”) for processing of waste along with biological treatment of organic waste and Sanitary	It is requested to kindly give a choice to the bidder to Design and set up waste to energy facility individually at Ambala and Karnal Project site. The total plant capacity should be at least 6 MW waste-to-energy plant at.	As per RFP

		<p>Landfill of Designed Capacity and set up leachate treatment facility at each site.</p> <ul style="list-style-type: none"> Designing and setting up at least 6 MW waste-to-energy plant at Ambala Project Site for Ambala Cluster-Karnal Cluster. 		
19.		General Report	<p>Please provide the following for the project sites;</p> <ul style="list-style-type: none"> Geo Technical Report CAD drawing of the Project site along with the existing infrastructure if any available on the site Single line diagram / flow chart of the existing plant if any. Copy of the Environment Clearance. 	<p>Topography survey and Geo-Technical Report of the project Site has been provided and is attached as Annexure-I & II to the Corrigendum.</p> <p>TOR's have been submitted and the copy of same will be provided to the selected developers.</p>
20.		What if any "EXCLUDED WASTE" is dumped in the bins kept for solid waste? Who will bear the cost of transportation and processing of the same?		Excluded waste is not part of MSW hence Selected bidder will have right of refusal for excluded waste. Selected bidder will inform designated ULB in respect of excluded waste.
21.		The VGF amount in words and figures differs (page 27, point 3.3.3). Which is the correct amount?		The VGF for Ambala Karnal WTE project is INR 59.6 cr. (INR Fifty Nine Crore and sixty lakhs only)
22.		<p>What is the process of collection of monies from DISCOMS?</p> <p>Time period of the same?</p>		Same has been provided in draft PPA.
23.	DCA 5.2 Page # 30	<p>5.2. Obligation for payment of Transaction Fee</p> <p>The Concessionaire shall be liable to pay Transaction Fee equivalent to 2% (two percent) ("Fee") of the Estimated Project Cost to the Transaction Advisors as per the following terms:</p>	We recommend the authority to waive off the Transaction Fee, this will increase the cost of the project etc.	
		<p>What is the Transaction fee payable to E&Y for acting as TA?</p>		<p>2% of the Estimated Project Cost.</p> <p>No change. Approved by CoSI & CCI. Bid conditions will prevail.</p>
